THE MINISTER OF STATE IN THE MINISTRY OF URBAN AFFAIRS AND EMPLOYMENT (SHRI BANDARU DATTATREYA): (a) and (b) There is no general shortage of water supply in this colony. Delhi Jal Board has provided a bulk connection of 200 mm dia (8") from the main water line through which about 2.40 lac gallons water is supplied daily. This is augmented by pumping of 3 lac gallons of ground water by the CPWD from its own tubewells. Due to elevational difference between various blocks there has been the occasional problem of supply in the tail end area of the colony. Delhi Jal Board has been advised to augment the water supply and CPWD has also been advised to regulate and stagger the timing of supply between different blocks.
